

EAGLE GUARD™

100% Recycled, 100% Secure.

Fully compliant with all security standards, **Eagle Guard™** is the only American-made line of security paper with 100% of its materials coming from domestically-sourced recycled fiber. By combining the environmental benefits of recycled paper with overt, covert and forensic security features, **Eagle Guard™** offers a secure, sustainable paper option that is unmatched by any American supplier.

- Excellent run-ability in both analog and digital printing systems
- Laser toner and inkjet compatible
- UV dull
- Invisible UV fibers
- Multiple indicator stains
- Toner Bond™ - securely bonds toner to paper
- FSC® certified
- SFI® certified sourcing
- 100% domestically-sourced recycled fiber
- Made in the USA by a USA-owned and operated mill
- Manufactured in a secure facility

Eagle Guard™ complies with US and International standards for:

- ANSI X9.100-10-2016 for MICR Documents
- C&CCC (Cheque and Credit Clearing Company formally APACS) CBS1 3.1 standard

Eagle Guard™ MOCR Bond

MICR and MOCR compatible security paper that combines full compliance with great value for lower risk documents.

Eagle Guard™ Watermark

Premium security paper engineered to deliver robust security and superior performance for high value, high risk documents.

CREATING A SECURE AND SUSTAINABLE FUTURE.

American Eagle Paper Mills® began operating in Tyrone, PA in 1880. In 2003, the mill made a firm commitment to sustainability, retooling and rebuilding to better support the community and the environment. Today, American Eagle Paper Mills® produces over 300 tons of premium recycled paper every day, with the mill operating under dramatically reduced greenhouse emissions and more than an 80% reduction in water usage. We've dedicated ourselves to continue bringing premium, high performance recycled paper to new markets and customers as America's only provider of security paper made with 100% recycled materials.
